Rehabilitation Independence Facilitation and Excellence services

RIFE USA is a special needs center providing optimal services for improving the quality of life, for individuals with autism and their families. We bring 14 years of U.S.A experience to the GULF.

RIFE USA was established with an enunciated vision of making this world 'Autism Friendly'.

We provide all round support to any child who needs something extra to keep a healthy mind and a happy body. Each child with autism is unique and so our intervention plans are tailored to address their specific needs.

**Specialists in
Child Health**

**BCBA Certified
Professionals**

**Sensory Friendly
Environment**

Vision & Mission

Our vision, mission and philosophy are at the heart of everything we do. We are devoted to promote the health and well-being of the developmental disabled children by providing accessible, high-quality therapy and care to help them move in society. At RIFE we are committed in providing services that will exceed the expectations of our clients.

Core Values

- Our clients' care comes first.
- We work as a team.
- Everyone contributes, everyone respected.
- A zero tolerance policy on the quality of our services.
- We get results and strive for excellence.
- We act with honesty and integrity.

+ Serving Exceptional Lives

RIFE USA

Your Trust, Our Quality

**Specialised care and
support to individuals
with autism.**

Our team of experts includes
behavior specialists, speech pathologists,
occupational therapists &
skills development coordinators.

LEARNING DISABILITIES

Personalized programs for children with learning disabilities or challenging needs which require specialist help.

EMOTIONAL & BEHAVIORAL DISORDERS

We provide the right support to give your child the social and emotional tools he or she needs to work through challenges.

INTELLECTUAL DISABILITY

Various therapeutic services are offered that improve the intellectual functioning and adaptive behavior of children.

PHYSICAL DISABILITIES

Our qualified staff is trained in working with children having physical disabilities and other health impairments.

TRAUMATIC BRAIN INJURY

We are equipped with the best knowledge to work with children who have Traumatic Brain Injury.

COMMUNICATION DISORDERS

Speech-Language Pathology can help children become effective communicators & decision-makers.

ADHD

Treatment options for ADHD include medication, psychotherapy, behavioral therapy & social skills training.

AUTISM

A wide array of individualized programs & services to support children with autism & their families.

DOWN SYNDROME

We offer therapeutic treatments to children with Down Syndrome as per their individual needs.

MULTIPLE DISABILITIES

One multidisciplinary team works in collaboration to treat and help children with multiple disabilities.

A young boy with short dark hair, wearing a green t-shirt, has his eyes closed and a serene expression. His hands are placed over his chest. The background behind him is a stylized, light blue line-art illustration of a city skyline with various skyscrapers. The overall image is split vertically: the left side has a dark grey background with a large green abstract shape, and the right side features the boy and the city skyline.

Our Services

Our therapists and tutors work in collaboration to help children reach their maximum potential.

OCCUPATIONAL THERAPY

Therapy that helps people in achieving independence in their daily life activities or 'occupations'.

SPEECH THERAPY

Speech therapy helps in improving the speech of children who have difficulty in learning to speak.

IN HOME ABA THERAPY

An extension of ABA therapy. This service will include applied behavior analysis at the house of the client.

ABA THERAPY

Techniques for increasing useful behaviors and reducing those that may interfere with learning.

DAY PROGRAM

Day programs will be offered by RIFE USA to support the children who are unable to attend a mainstream school.

SHADOW TEACHER

Shadow teacher will be committed and trained to follow the child throughout the academic sessions.

COMPREHENSIVE SKILLS ASSESSMENT

Our team of specialists will perform a comprehensive assessment to come up with the best treatment for the child.

WRAP UP CONSULTING SERVICES

Process to build constructive relationships and support networks among children and their families.

PHYSIOTHERAPY

The goal of physical therapy is to maximize functional control of the body, or increase gross motor function.

Training Programs

**Acquire the latest knowledge
and research based skills
to serve better.**

www.rife-usa.com

Trainings & Certifications

- PARENT TRAINING
- REGISTERED BEHAVIOR TECHNICIAN (RBT)
- RBT SUPERVISION
- BCBA / BCABA SUPERVISION
- ABLLS-R TRAINING
- AFLS TRAINING
- VB-MAPP TRAINING
- BASIC ABA TRAINING

Enhance your professional reputation, skills, knowledge & credibility.

Our training can help parents better understand their child's disorder, and it can help professionals better serve the children they work with.

RIFE strives to bring high quality educational experiences to the public at an affordable price to reduce the barriers therapists and parents face when seeking treatment for children with Autism Spectrum Disorders. We have trained more than 300 therapists since June of 2015.
